

A BETTER FINISH. FOR A BETTER WORLD.

March 25, 2014

Mr. Matt Guidotti
Columbia Commercial Products Acquisitions, LLC.
1200 E. Washington Street
Rockwall, TX 75087

Dear Mr. Guidotti,

This letter is to confirm that your coating process has been approved for TIGER architectural coatings in Series 38. We have verified that you are able to produce fully AAMA 2604-13 compliant coating systems on aluminum substrates, using your in house pretreatment along with TIGER Series 38.

AAMA 2604-13 is a high performance voluntary coating specification which requires pretreatment capable of passing 3000hrs ASTM B117 as well as <Delta E 5.0 and minimum 30% gloss retention when exposed in south florida at a 45degree angle facing south.

Best regards,

A handwritten signature in black ink, appearing to read "Manuel Mayer".
