

SERIES C3000

SINGLE/DOUBLE HUNG AND FIXED WINDOWS

The Columbia C3550/C3500 series of single and double hung windows is a side load system with spiral balance to meet today's increasing glass weight and provides a smooth operating system. The windows also come standard with auto sill locks as well as white bronze sweep latches. These systems were designed specifically for the purpose of supplying windows to schools and universities. The C3550 and C3500 can be glazed with single or insulated glass to meet all your energy needs and has a full receptor system available if required. The C3100 series is the fixed window unit and features a thermally broken frame and can be glazed with 1/4" or 1" glass. The C3550 single hung and C3100 fixed are both available as impact resistant units. Call your local Columbia sales representative for more information.

Features & Benefits Include:

- 4" Frame and Sash Depths
- Thermally Improved
- Single and Double Hung Units
- 1/4" & 1" Glazing Options
- Factory Glazing Available
- C3550 Single Hung available as Impact Resistant
- C3100 Fixed available as Impact Resistant
- Auto sill locks
- White bronze sweep latches
- Hardware Options Available
- Full Complement of Screening Options
- Class I and Class II Anodizing
- Painted finishes available in fluoropolymer & Kynar based coatings to meet AAMA 2605

Performance Data

Air Performance per ASTM E283

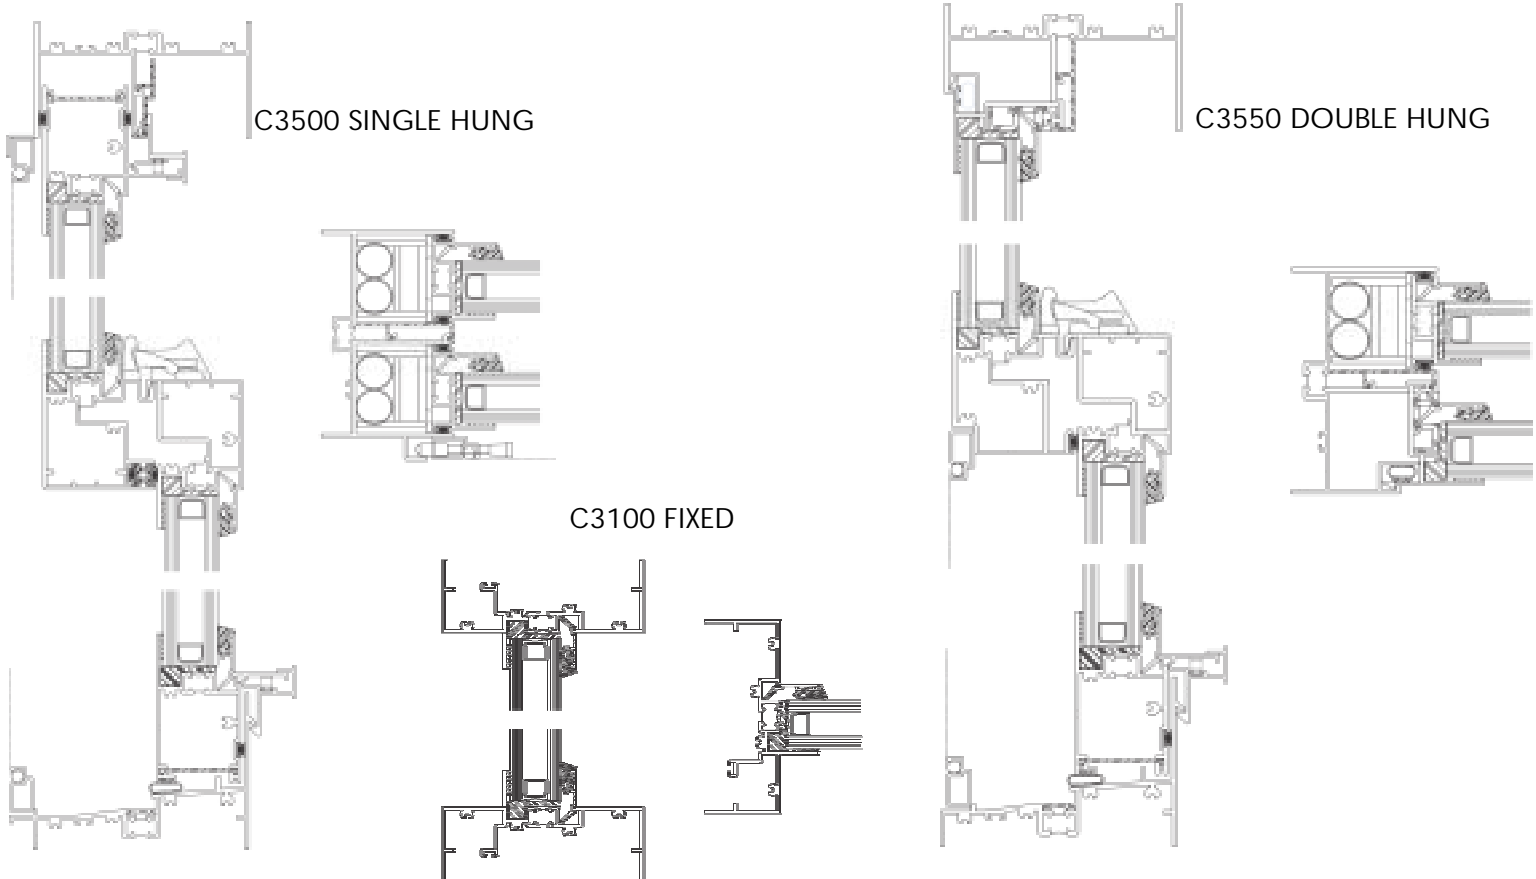

Water Performance per AAMA 501
& ASTM E331

Structural Performance per ASTM E330

*Tests conducted by independent laboratories
